

Monmouth Heights

The homes in the Monmouth Heights development were built in the 1960s by Levitt & Sons. There are approximately 568 in the community, and it is located on the West side of Freehold Township. The homes consist of various styles: Bi-levels, Colonials, Ranches, and Split-levels, and are situated on nicely-sized lots. There are no homes with basements in the Monmouth Heights Community. The development offers residents the Monmouth Heights Swim Club. Homeowners pay a yearly association fee for this exclusive membership. There are two additional Monmouth Heights communities in Marlboro and Manalapan Townships.
