

Renaissance

The Renaissance is an active adult community that features 126 well-maintained single-family homes with off-street parking and plenty of upscale amenities. Built in 2001, the single-family dwellings in this community have modern features and finishes throughout. They range from 1,800 to 2,700 square feet in size and have up to three bedrooms. Expanded family rooms, formal dining areas, and open kitchens adorn the space as well. The residences come with two car garages and wide driveways.

Amenities include elegantly decorated clubhouse that serves as our social gathering place for cards, billards, meetings and other social events and parties, fitness center, tennis and bocce courts and a heated outdoor swimming pool

While living here, residents are just a few blocks away from all their favorite eateries, stores, and much more. Route 9 is just minutes away with Wegmans, Target and Trader Joe's.
